506 W. VLIET STREET — MILWAUKEE, WIS.

PHONE: MARquette 7171-7172

We are pleased to announce our prices earlier than usual to our market gardener customers for we feel sure that you can save money this year by placing your order with us now. Prices are bound to rise on some items, especially Onion and Cabbage seed before this spring.

Quality of the new crop seed will be even better than usual for we have been doing more work than ever before to procure better and better strains of seed for you; and remember, Baermann's seeds are always carefully tested for germination and are the best market gardeners' strains obtainable, although we are able to give you the lowest prices in years.

Besides, as a further attraction to you, we are in a position to now give you a 10 per cent discount from the following prices of Vegetable seed for cash with your order. The regular 5 per cent cash discount will apply on orders called for this spring.

All prices subject to change without notice and subject to the usual Seed Trade Disclaimer:

"The Paul H. Baermann Seed Co. give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds they send out and will not be responsible for the crop."

All Vegetable and Flower Seed, with the exception of Beans, Peas, and Sweet Corn, will be shipped as you specify, carriage charges prepaid, and at absolutely no cost to you for postage, packing, bags, etc.
